

FIRST MEDIA RELEASE AUGUST 2010

FLY FISHING...THE OTHER WHITE MEAT?

Florida Fly Fishing EXPO

Never picked up a rod? Come **to the Ramada Inn Celebration/Orlando October 22-23** and see what all the fuss is about! Learn from the pros and many other ardent fly anglers from around the state. Casting instructors, fly tiers and other educators in the sport which is hundreds of years old will show you how. You can be casting in a matter of minutes!

Not just for cold water streams “up north” anymore, the advancement in gear, lines, flies and technique have brought this great sport to salt water in a big way. Are you missing something sitting at home?

Need to brush up on your casting? Dust off that rod in the attic and bring it to the folks dedicated to teach and educate you regardless of age or sex (yes bring your spouse and kids). The Federation of Fly Fishers, based in Livingston Mt., has for 45 years promoted fly-fishing worldwide through almost 300 clubs with 16 in Florida alone. There is one near you. Go to www.fedflyfishers.org and get the skinny on this impassioned group of conservation and education folks. More specific detail can be found at www.FFF-florida.org about the EXPO, show and area fly fishing clubs.
